

⚠ Important information about your account

Your fees are changing

For 40 years Cbus Super has delivered strong, long-term returns to our members, and we work hard to provide you with the best value possible.

This update will help you understand important changes to your insurance cover and administration fees that will take effect on 28 September 2024.

Good news – your weekly administration fee is decreasing

Your weekly administration fee covers the day-to-day management of your account. This includes things like providing you with online account access, responding to your account queries and processing your contributions.

We regularly review the fees you pay to ensure you're getting the products and services you need at a competitive price. As a result of our most recent review, your weekly administration fee will drop from \$1.50 to \$1.00 a week from 28 September 2024.

This change will save you **\$26 a year**, which means more money for your future.

The total administration fees are made up of a weekly fee and percentage fee. The percentage fee hasn't changed and remains at 0.19% of your account balance each year – up to a maximum of \$1,000 a year.

How it works

Luca has \$50,000 in his Cbus Super account. Here's an example of the total administration fees he'd pay each year before and after this change. This is made up of the weekly fee plus the percentage fee:

Other fees apply.

The cost of insurance is changing

Insurance through Cbus Super protects you and your family when you need it most.

How much you pay for cover depends on your age, occupation category and the type of cover you have. Each year we negotiate carefully with our insurer to get you the best value cover we can. While a premium price increase has been unavoidable for some members, there is a decrease for others.

Weekly cost per unit of cover from 28 September 2024

The table below shows how much one unit of death and one unit of total and permanent disablement (TPD) cover will cost, and how much it will go up or down by:

Changes to Income Protection (IP) cover

For the majority of members who hold IP cover, your premiums will stay the same. However weekly premiums will decrease if you:

- are a Sole Trader member, and
- are in the manual occupation category, and
- have a 2-year benefit period AND a 30-day waiting period.
